

Outlook for sugar bill good

GEORGE WEDGWORTH presents an environmental report during the 18th Annual Membership meeting of the Florida Sugar Cane League, Inc.

By JIM JONES
Wearing a green "Raise Cane" button in the lapel of his suit, fifth-term Congressman David R. Bowen, D-Miss., appeared before Florida Sugarcane League members Tuesday, Nov. 24, to brief them on the status of federal sugar legislation.

Bowen, chairman of a House subcommittee on cotton, rice, and sugar, said there are severe problems with the pending Farm Bill, but not with the section on sugar.

"We will have to sink or swim with that bill," Bowen said, referring to the complex piece of legislation which will cover a four-year period.

Bowen was the guest speaker for the 18th Annual Membership Meeting of the Florida Sugar Cane League, Inc. at Clewiston's John B. Boy Auditorium.

Also addressing a near-capacity gathering of producers and sugar officials were John B. Boy - legislative report, George Wedgworth - environmental report, Dr. Joe Orensigo - research report, and Harry Vaughn Jr. - public relations report.

Dalton Yancey, vice president and general manager of the Florida Sugar Cane League, Inc., called the meeting to order and introduced the guests.

League Pres. Roy Vandergriff, Jr. welcomed members to the meeting, served as master of ceremonies, and presented a special award, an engraved cane knife, to Iz Nachman for his coverage of the sugar industry. Nachman served many years as Glades bureau chief of the Palm Beach Times - now the Evening Times - in Belle Glade. Nachman is now senior editor of the Glades Trend.

Horace Godfrey, sugar lobbyist in Washington, introduced Rep. Bowen to the Florida Sugar Cane League and said that "without Bowen, the sugar provision would not have been included in the Farm

Bill.

Although no sugar cane is grown in Bowen's district, Godfrey noted that the Mississippi congressman has "fought our battle for us as if his district were made up entirely of sugar."

Bowen said the lack of federal sugar legislation has cost American consumers about \$4 billion during the past few years.

Changes made to the sugar section will not save the U. S. Treasury money, because the proposal would not have cost taxpayers anyway, but were made for reasons of political strategy, Bowen said.

Development pact signed by city

By JIM JONES

BELLE GLADE - Based in part on information provided by a Department of Housing and Urban Development attorney, Belle Glade City Commissioners Monday approved a community development agreement with the county.

Under the agreement, the city will participate in an urban county, rather than the small cities program as in past years.

A separate letter of understanding will be prepared to ensure agreement on projects undertaken in the city.

City Development Director Remar Harvin recommended the change as a way of greatly increasing the city's community development funding.

City Commissioners had been concerned that if they participate in the urban county program, the county could carry on a community development program opposed by the city.

Gerald Wright, area HUD counselor, partially allayed the concern of commissioners in a letter read at Monday night's meeting.

The agreement could not be passed during its first meeting, and the city could not apply to HUD for funds under the small cities program for the next three years if already participating in the urban county program, Wright said in his letter.

Based on the information he had available, Wright said he would not give an opinion on whether the county could operate a development program without the city's consent.

Commissioner George DeLoach questioned the failure of Wright's

letter to resolve the potential problem of county projects within the city that city commissioners disagreed on.

"The 'leave it side' is about \$2 1/2 million of urban renewal money over the next three years that we desperately need," said Mayor Altman.

City Attorney John Baker said that HUD has advised that it will not approve grant applications which do not show evidence of cooperation between the county and the city.

Baker said that the county is reluctant to sign an inter-local agreement which does not conform to agreements with other municipalities already in force for fear of jeopardizing the entire program.

Commissioner Claude Tindall said that the question is between the city and the county, not HUD.

As a compromise, Altman suggested that the city approve the inter-local agreement with the county and follow-up with a letter of understanding which would ensure that local community development projects meet with both county and city approval.

Commissioners unanimously approved the idea.

City Development Director Remar Harvin was to appear before county commissioners at 8:30 a.m. Tuesday, Nov. 24, with the inter-local agreement in West Palm Beach.

Water, sewer changes approved

By JIM JONES

BELLE GLADE - City Commissioners officially changed the emphasis of the Belle Glade water plan from increased capacity to safer, more palatable drinking water Monday night, Nov. 23.

Commissioners decided to make the change at workshop last week and officially ratified the action Monday.

In the past, the goal of the water plan had been to increase water treatment capacity from seven million gallons per day to 10 million gallons per day.

City Manager Rolfe Wagner said the change was made due to the city's drought experience. Pumping water from the rim canal after the drought left the city's main intake at Winnie's Cove high and dry earlier this year forced the use of heavy doses of chlorination to control bacteria.

The result was undesirably high

levels of trihalomethanes - said to be a carcinogenic agent - in the new water supply.

Under the changes announced Monday night, the city would go to an ozone treatment system, which is said to produce better tasting, safer drinking water.

Mayor Thomas Altman said that under the revised plan, the city's water supply would be expanded to 500,000 gallons, but the long-term goal is to increase the system to 10 million gallons per day.

Commissioners directed their engineers, Brighi, Wild, and Associates of Riviera Beach, to begin working on the revised water plan and renovations at the water plant.

Also authorized was negotiation of bond anticipation notes in the amount of \$1 million.

City Manager Wagner will investigate what the city must pledge for the anticipation notes. The dura-

tion of the notes will be determined during the exploratory session with the bank.

In an unrelated matter, the commissioners agreed to send to the city engineer a letter signed with a \$2,119.31 bill. Commissioners believe that the charge is excessive for what they consider to be essentially a change order.

The bill is for engineering services on the Southwest Avenue project.

In other business Monday, commissioners:

Accepted the contract of E-Z Go Division of Southern Inc. of Ft. Lauderdale for 20 golf cart batteries.

E-Z Go's bid was the lowest of two bids received.

Accepted the \$3,775.50 bid of Hector/Turi and Garden Inc. of Miami for two hand greens mowers for the municipal golf course. Hector's was the lowest of two bids received.

Library aid doubles

By JIM JONES

BELLE GLADE - The Belle Glade Public Library stands to receive benefits valued at \$9,904 - nearly double the amount received last year - under a proposed agreement between Palm Beach County and the City of Belle Glade, Jerry Brownlee, county library director, told city commissioners Monday night.

As a result of Brownlee's explanation, city commissioners approved the agreement.

Brownlee said that the county library system is committed to providing enriched services for Pahokee and Belle Glade.

The library system has made itself more efficient through the leased book concept, purchase of permanent library materials, and the

automated circulation system, Brownlee said.

Under the new agreement, libraries are able to cooperatively obtain current best sellers without incurring the high charges that come with a book's purchase. The new plan also allows for a book exchange in the area hills off.

Brownlee said that one of the goals of the library system is to create a stronger children's reading program. Children who acquire the habit of reading have a greater chance for success later in life, he said.

Brownlee said that if there are any variations in the amount of benefits to accrue to the city under the agreement, he would immediately contact the mayor or the city manager.

In other business Monday, com-

missioners reduced the request of Bobo Vickers for a quarterly or monthly licensing fee.

Vickers said he wanted to cater to visitors who arrive in the area during the winter months. He would like to operate a dining sandwich and coffee shop.

The \$200 license fee is too high, Vickers said, adding that he didn't know if he would have enough business to support him for a few days, weeks, or months.

City Attorney John Baker said that the city could not grant Vickers a half year license without amending its ordinance.

"If you do it for one, you are going to have a lot of callers," warned Commissioner Charles Goodlett.

"I don't see how we can do it,"

(Continued on Page 2)

Sugar Cane League retains officers

Florida Sugar Cane League directors re-elected their full slate of officers at another term Tuesday, Nov. 24, following their business session in Clewiston's John B. Boy Auditorium.

Heading up the League's President Roy Vandergriff, Jr. Other officers re-elected were: Secretary, George DeLoach; Treasurer, Harry Vaughn Jr.; second vice president, Fritz Stein; third vice president, Horace Godfrey; fourth vice presi-

dent, Dalton Yancey - fifth vice president and general manager, Nelson Fairbanks - secretary, George DeLoach; and George Laury, assistant secretary-treasurer.

Currently, 24 persons serve on the League's board of directors, but that total is expected to be reduced to 18. A League spokesman said the reduction to reduce the number of key industry personnel called away from their jobs for meetings and other league functions.

3 arrested in lottery

BELLE GLADE - The Belle Glade Police last Thursday arrested three individuals and charged them with aiding in conducting a lottery.

Arrested were J.L. "Poppy" Foster, 44, of 549 W. Avenue A; Hilda James, 25, of 241 NW 11 Street apartment four; and James Johnson, 39, 765 SW 14 Street, ac-

cording to police reports. The arrests resulted from a two week investigation coordinated by Inspector Mike R. Miller and Detective Louis L. Lowery. Detective J.R. Eberle, chief investigator, was assisted by Detectives Jack Fulenwider and John Carney.

Water, sewer changes approved

By JIM JONES

BELLE GLADE—City Commissioners officially changed the emphasis of the Belle Glade water plan from increased capacity to safer, more palatable drinking water Monday night, Nov. 23.

Commissioners decided to make the change at workshop last week and officially ratified the action Monday.

In the past, the goal of the water plan had been to increase water treatment capacity from seven million gallons per day to 10 million gallons per day.

City Manager Rolfe Wagner said the change was made due to the city's drought experiences.

Pumping water from the rim canal after the drought left the city's main intake at Winnie's Cove high and dry earlier this year forced the use of heavy doses of chlorination to control bacteria.

The result was undesirably high

levels of trihalomethanes -- said to be a carcinogenic agent -- in the raw water supply.

Under the changes announced Monday night, the city would go to an ozone treatment system, which is said to produce better tasting, safer drinking water.

Commissioners directed their engineer, Briley, Wild and Associates of Riviera Beach, to begin working on the revised water plan and renovations at the sewer plant.

Also authorized was the preparation of bond anticipation notes in the amount of \$1 million.

City Manager Wagner will investigate what the city must pledge for the anticipation notes. The dura-

tion of the notes will be determined during the exploratory session with the bank.

In an unrelated matter, the commission agreed to write to its engineer to express displeasure with a \$2,119.31 bill. Commissioners believe that the charge is excessive for what they consider to be essentially a change order.

The bill is for engineering services on the Southwest Avenue F project. In other business Monday, commissioners:

Accepted the \$3,276 bid of E-Z Go Division of Textron, Inc. of Ft. Lauderdale for 84 golf cart batteries. E-Z Go's bid was the lowest of two bids received.

Accepted the \$3,775.50 bid of Hector Turf and Garden Inc. of Miami for two hand greens mowers for the municipal golf course. Hector's was the lowest of two bids received.

"If you do it for one, you are going to have a lot of callers," warned Commissioner Charles Goodlett. "I don't see how we can do it."

By JIM JONES

BELLE GLADE—Based in part on information provided by a Department of Housing and Urban Development attorney, Belle Glade City Commissioners Monday approved a community development agreement with the county.

Under the agreement, the city will participate in an urban county program as in past years.

A separate letter of understanding will be prepared to ensure agreement on projects undertaken in the city.

City Development Director Remar Harvin recommended the change as a way of greatly increasing the city's community development funding.

City Commissioners had been concerned that if they participate in the urban county program, the county could carry on a community development program opposed by the city.

General Wright, area HUD counselor, partially allayed the concern of commissioners in a letter read at Monday night's meeting.

The agreement could not be cancelled during its term and the city could not apply to HUD for funds under the small cities program for the next three years if already participating in the urban county program, Wright said in his letter.

Based on the information he had available, Wright said he could not give an opinion on whether the county could operate a development program without the city's consent.

Commissioner George Golorth questioned the failure of Wright's

letter to resolve the potential problem of county projects within the city that city commissioners disapprove of, an area that Mayor Altman said is the city's main concern with the inter-local agreement.

"We can take it or leave it," Commissioner Charles Goodlett said of the inter-local agreement.

The leave it side is about \$2.1 million of urban renewal money over the next three years that we desperately need," said Mayor Altman.

City Attorney John Baker said that HUD has advised that it will not approve grant applications which do not show evidence of cooperation between the county and the city.

Baker said that the county is reluctant to sign a inter-local agreement which does not conform to agreements with other municipalities already in force for fear of jeopardizing the entire program.

Commissioner Claude Tindall said that the question is between the city and the county, not HUD.

As a compromise, Altman suggested that the city approve the inter-local agreement with the county and followup with a letter of understanding which would ensure that local community development projects meet with both county and city approval.

Commissioners unanimously approved the idea.

City Development Director Remar Harvin was to appear before county commissioners at 8:30 a.m. Tuesday, Nov. 24, with the inter-local agreement in West Palm Beach.

Sugar Cane League retains officers

Florida Sugar Cane League directors re-elected their full slate of officers to another term Tuesday, Nov. 24, following their business session at Clewiston's John B. Boy Auditorium.

Heading up the League is President Roy Vandergrift, Jr. Other league officers are Alfonso Farquhar, Jr. - first vice president, Harry Vaughn, Jr. - second vice president, Fritz Stein - third vice president, Horace Godfrey - fourth vice presi-

dent, Dalton Yancey - fifth vice president and general manager, Nelson Fairbanks - secretary-treasurer, and George Salley - assistant secretary-treasurer. Currently, 24 persons serve on the League's board of directors, but that total is expected to be reduced to 18. A League spokesman said the reduction is to reduce the number of key industry personnel called away from their jobs for meetings and other league functions.

3 arrested in lottery

BELLE GLADE—The Belle Glade Police last Thursday arrested three individuals and charged them with aiding in conducting a lottery.

Arrested were J.L. "Poppey" Foster, 44, of 549-W. Avenue A; Hilda James, 25, of 241 NW 11 Street apartment four; and James Johnson, 39, 765 SW 14 Street, ac-

cording to police reports. The arrests resulted from a two week investigation coordinated by Inspector Mike R. Miller and Detective Louis L. Wagner. Detective J.R. Eberle, chief investigator, was assisted by Detectives Jack Fulenwider and John Carney.

Library aid doubles

By JIM JONES

BELLE GLADE—The Belle Glade Public Library stands to receive benefits valued at \$9,904 -- nearly double the amount received last year -- under a proposed agreement between Palm Beach County and the City of Belle Glade, Jerry Brownlee, county library director, told city commissioners Monday night.

As a result of Brownlee's explanation, city commissioners approved the agreement.

Brownlee said that the county library system is committed to providing enriched services for Pahokee and Belle Glade.

The library system has made itself more efficient through the leased book concept, purchase of permanent library materials, and the

automated circulation system, Brownlee said.

Under the leased book concept, libraries are able to temporarily obtain current best sellers without incurring the high purchase cost. Once a book is no longer a best seller, demand for the book in libraries falls off.

Brownlee said that one of the goals of the library system is to create a stronger children's reading program. Children who acquire the habit of reading have a greater chance for success later in life, he said.

Brownlee said that if there are any variations in the amount of benefit to accrue to the city under the agreement, he would immediately contact the mayor or the city manager.

In other business Monday, com-

missioners refused the request of Bobo Vickers for a quarterly or semi-annual food vending license.

Vickers said he wanted to cater to truckers who arrive in the area during the winter harvest season. Vickers said that he operates a rolling sandwich and coffee shop.

The \$200 license fee is too high, Vickers said, adding that he didn't know if he would have enough business to support him for a few days, weeks, or months.

City Attorney John Baker said that the city could not grant Vickers a half year license without amending its ordinance.

[Continued on Page 2]

Scout banquet held

BELLE GLADE — Two individuals received the Award of Merit from the Glades District Boy Scouts at their annual recognition dinner Thursday, November 19.

Boy Burch of Belle Glade and Peggy Hairston of Clewiston received the Awards for their performance to scouting and the community and their attitude.

Burch is a past district chairman and Hairston is a den mother with Cub Scout Pack 619. Hairston also received a Den Leader award and a Scout Leader's Training award during the ceremonies.

Other Den Leader Award recipients were Alice Pilon, Patty Fritz and Bill Schoenfeld.

Scouter's Keys were given to Bill June and Lester Lindrose, and Commissioner's Arrowheads were awarded to June, Lindrose, Royal York and Mike Riley.

National Camping Awards went to Scout Troops 825 and 628.

National SUMMERTIME Pack Awards went to Cub Packs 660 and 696.

Sustaining Membership Enrollment Honor Units are Cub Packs 619 and 622 and Boy Scout Troop 622.

Guest speaker at the dinner was Council Representative Mike Machek.

Machek spoke on why scouting leaders become involved in the scouting programs.

Ed Foley served as master of ceremonies.

Man shot in robbery

BELLE GLADE — A Belle Glade grocer was shot twice Friday, Nov. 20, in an early morning robbery attempt, according to Belle Glade Police.

According to police, Manuel Chancy, 41, was shot twice sometime between 5:15 and 5:30 a.m. last Friday by two black males wearing stocking masks over their heads.

The assailants were described as being in their early 20s, about five feet, 11 inches tall, weighing 170 pounds and being of medium build.

According to police, it is believed Chancy was shot in a robbery attempt as he prepared to open the G and G Grocery on Avenue A.

After he was shot, Chancy pulled his own gun and fired four times at his assailants. Police said they do not know if any of his shots hit the assailants, who escaped.

A .38 calibre revolver was found on the scene and police are checking its ballistics to determine if it was the weapon used in the shooting.

According to police, the gun found at the scene was reported stolen in 1977.

Chancy was treated at the scene and taken to Glades General Hospital where he was reported in stable condition.

Lottery—

(Continued from Page 1)

The three suspects were arrested Thursday, Nov. 19 when the police raided James' NW 11 Street residence.

Police seized about \$4,000 in currency, numerous tickets and other lottery paraphernalia, adding machines and a .38 calibre revolver

in the apartment.

The police had obtained a warrant from Judge Don T. Adams.

Police estimated the operation had been bringing in about \$250,000 annually.

All three suspects were released on \$1,000 bond after being booked.

CONGRESSMAN DAVID BOWEN...

Told Florida Sugar Cane League members that he is optimistic about the inclusion of sugar legislation in the federal Farm Bill, but that it is not a sure thing. Turbulence in the economy

could have an impact on the sugar section of the bill, he said. Also shown above are George Wedgworth and Horace Godfrey.

Sugar—

(Continued from Page 1)

In his report on legislation, John B. Boy said that it was the consensus of Florida Sugar growers that: 1. A sugar section should be included in the Farm Bill. 2. A government sugar program should utilize a loan rate in order to achieve an import fee, and 3. A program should be presented which is passable in Congress.

A production cost study indicated the cost for a pound of sugar would be 24 cents a pound this season. But sugar producers agreed to a level of 19.6 cents per pound as the loan rate, Boy said.

Subsequently, the loan rate was trimmed to 17 1/4 cents, following House and Senate debate.

John B. Boy said the 2.1 cent reduction has had a negative economic impact of approximately \$120 million on the economy of Florida, and a \$49.7 million negative impact to Florida producers.

"Sugar is in no way a liability for the Farm Bill," Bowen said. "Sugar is not a major issue in my judgment."

Bowen said that the Reagan administration has taken a neutral position on the bill, but that South Florida Representatives Dan Mica and L. A. "Skip" Batafals have labored hard for sugar interests.

"I believe that we have the votes to keep the bill firm at 17 1/4 cents a pound," Bowen said.

A central question mark facing the sugar section is Reagan administration unhappiness over what the legislature has done with the rest of the Farm Bill, Bowen said. Bowen said he is concerned about the viability of Reagan economic policies and that they could have an adverse impact on the sugar section.

"We have the worst of all possible worlds," Bowen said of inflation, high interest rates, and unemployment, all of which could worsen.

If for some reason the legislature does not pass the Farm Bill, "We have been told by Secretary of Agriculture Block that all deals are off," said Bowen.

"I think under that situation, we might expect some very substantial administration objections," he said.

Bowen closed his remarks by calling the Glades a model of agricultural efficiency.

In making his legislative report, John B. Boy said that the issue is "frustrating and there are many factors involved. But we are hopeful that sugar will remain at an adequate price which will ensure the continuation of a viable domestic industry with protection to producers and consumers from volatile price swings."

During the general meeting, George Wedgworth reviewed League environmental matters.

The League has established the necessity for field burning of sugar cane and has completed research and development on pollution scrubbers for mills, Wedgworth said in part.

The League is also involved in research on a cooperative basis with the South Florida Water Management District. League monitoring of water has relieved individual League members of this responsibility, he said.

In his public relations report, Harry Vaughn said that 1,500 persons officially visited Florida sugar producing areas during the past year. The largest groups included 45 legislators, 90 Australian growers, and 300 sugar industry technologists.

The League has been working on a new film to highlight issues vital to the sugar industry, Vaughn said.

A government sugar program should utilize a loan rate in order to achieve an import fee, and 3. A program should be presented which is passable in Congress.

A production cost study indicated the cost for a pound of sugar would be 24 cents a pound this season. But sugar producers agreed to a level of 19.6 cents per pound as the loan rate, Boy said.

Subsequently, the loan rate was trimmed to 17 1/2 cents, following House and Senate debate.

John B. Boy said the 2.1 cent reduction has had a negative economic impact of approximately \$120 million on the economy of Florida, and a \$49.7 million negative impact to Florida producers.

"Sugar is in no way a liability for the Farm Bill," Bowen said. "Sugar is not a major issue in my judgment."

Bowen said that the Reagan administration has taken a neutral position on the bill, but that South Florida Representatives Dan Mica and L. A. "Skip" Bafalis have labored hard for sugar interests.

"I believe that we have the votes to keep the bill firm at 17 1/2 cents a pound," Bowen said.

A central question mark facing the sugar section is Reagan administration unhappiness over what the legislature has done with the rest of the Farm Bill, Bowen said.

Bowen said he is concerned about the viability of Reagan economic policies and that they could have an adverse impact on the sugar section.

"We have the worst of all possible worlds," Bowen said of inflation, high interest rates, and unemployment, all of which could worsen.

If for some reason the legislature does not pass the Farm Bill, "We have been block by Secretary of Agriculture Block that all deals are off," said Bowen.

"I think under that situation, we might expect some very substantial administration objections," he said.

Bowen closed his remarks by calling the Glades a model of agricultural efficiency.

In making his legislative report, John B. Boy said that the issue is "frustrating and there are many factors involved. But we are hopeful that sugar will remain at an adequate price which will ensure the continuation of a viable domestic industry with protection to producers and consumers from volatile price swings."

During the general meeting, George Wedgworth reviewed League environmental matters.

The League has established the necessity for field burning of sugar cane and has completed research, and development on pollution scrubbers for mills, Wedgworth said in part.

The League is also involved in research on a cooperative basis with the South Florida Water Management District. League monitoring of water has relieved individual League members of this responsibility, he said.

In his public relations report, Harry Vaughn said that 1,500 persons officially visited Florida sugar producing areas during the past year; the largest groups included 45 legislators, 90 Australian growers, and 300 sugar industry technologists.

The League has been working on a new film to highlight issues vital to the sugar industry, Vaughn said.

Card of thanks

The family of the late Mr. Curtis Jones would like to give our many thanks to all who sympathized with us during this time of loss of our beloved loved one.

Opinion

"You're lucky. Dad says he works with enough turkeys on the job, so we're having ham for Thanksgiving."

Remember Thanksgiving...

Editor's note: The following editorial was written by the late Luther York in 1977.

It's Thanksgiving. Or is it? It's a day we don't have to go to the office, a holiday, a day we can sleep late and lounge around the house or get up at the crack of dawn and go hunting. It's a day when, traditionally, we stuff our gut with turkey and dressing, cranberry sauce, pumpkin pie, baked apples and a hundred other fancy foods. It's a day to go to grandmother's house and gather with all the living generations of the tribe to eat, drink and be merry.

All this is good, but so far we have said very little about Thanksgiving. That's because we have thought very little about Thanksgiving. And I'm not so sure that is bad either, because the idea of giving thanks to a great, good and generous God is too big to be compressed into one day. Thanksgiving, to have any meaning at all, must be dispersed throughout the year and practiced every day, perhaps many times a day. The formal observance of Thanksgiving Day as you and I and millions of others are observing it today does not lend itself to a spirit of true thankfulness. We are too busy. We are too occupied with eating and drinking and visiting and hunting and football and bragging about what we have done since the "last time I saw you." As we eat our pumpkin pie we are far too occupied with other things to say, "Thank you, God, for that rain that came just in the nick of time last summer to rescue the growing pumpkin from the searing drought."

Oh, yes, let's keep our Thanksgiving

Day. Our Pilgrim forefathers started one of our grandest holiday traditions and called it Thanksgiving. I suspect that, for them, it did come nearer being a true Thanksgiving than it is for us. Over the years we have diluted Thanksgiving with so many other activities that we have watered down the true meaning of Thanksgiving as it was thought about by the Pilgrims. Nevertheless, it is one of our best holidays, even yet, and a time of real joy and some Thanksgiving.

For everyone there are many Thanksgiving Days throughout the year. The day of the month or the day of the week does not matter. Thanksgiving was the day last winter when your car slid off the road on the ice and snow but you didn't get a scratch. Thanksgiving was the day last spring when the funnel cloud hung low over the community for several minutes but never touched down with tornadoic destruction. Did you say, "Thank you, God," after it had passed over? Thanksgiving Day was the day you came out from under the anesthetic after surgery. Not everybody wakes up, you know. Thanksgiving Day was the day you waded out through your tobacco field or your sugarcane field and decided that was the best crop you ever had. That was the Thanksgiving Day when you should have said, "Thank you, God, for a bumper crop." Thanksgiving Day was the day your bellyache eased off, or the cooling breeze drove away the unbearable heat, or the general rain brought water back into the well.

I do hope you are having a joyful Thanksgiving, but don't forget all the other Thanksgivings Days during the year.

JIM JONES

BOILER PLATE

In the fast lane

Growing older is like being a passenger on an airplane. The pilot revs up the engines and takes off down the runway. There's not a darn thing you can do about it, except be pushed farther and farther back into your seat. The closer you get to the end of the runway, the faster the world flies by.

It was kind of like that this morning when I rolled out of bed and discovered that I had turned into a 35 year old man.

I don't feel badly about it, because I know 35 is just a number and it's been fun making it this far. Its good to be alive.

It takes a lot of luck, good health, optimism, and persistence to get this far.

According to some estimates, 35 is the halfway mark. I congratulate those who have seen 70 or explored well beyond that mark.

When I was a kid, I thought that all of the interesting things in man's history had already happened.

The airplane had been invented, the New World discovered, and World War Two fought.

I just couldn't imagine what was in store for me and the world.

For starters, I got drafted, and went to Germany, where I found that the reminders of the Second World War are everywhere in cemeteries full of war dead, in battle scarred buildings, and in survivors of the war, most of whom are now well into their 50s, 60s, and 70s. They each carry their own unique memories of the Hitler Youth, and advancing and retreating armies.

That it was not in Vietnam, where death was a daily fact of life and I gained an appreciation for just how good it is to be alive. It's a fine line between living and dying.

I gained an appreciation for how united we Americans can be in times of trouble. There was a feeling of brotherhood and comradeship among G.I.s in Vietnam, especially at the unit level.

It was interesting because I recalled the rivalries which surfaced on football fields back home. St. Augustine and Palatka had it. Wauchula and Arcadia have it. Clewiston and Pahokee have it. In Vietnam, a boy from the Glades might be, and probably was — buddies with a boy from Brooklyn.

There was no let down for me after returning to the United States and finding no red carpets or welcoming crowds. I was relieved to have survived the experience. It was time to go on to something else. It was wonderful being able to go into a fast food restaurant and order a hamburger, to walk down a street and see well dressed, well fed Americans everywhere, to turn on the above and have steaming, hot water.

I came home from Vietnam with war brides, which was a rather unconventional thing to do. I still have a thick stack of paperwork at home that I had to complete to get married.

Someone once predicted that I would be a career bachelor. That was when I was 21. I've been married for 11 years now, and to the same woman. East meets West.

I once predicted that I never would have kids. I had seen other folks changing diapers, trying to quiet squalling babies in church, and carrying on a running battle with Little Johnny on why he can't have this or that gizmo everytime they go to a store.

Well, I've got kids — two of them to be precise — and they make all the difference in the world in making a house a home.

They are more than worth the aggravation. Somewhere along the line, I went to college and got my degree at age 30, missed my high school class's 10 year anniversary get-together, and got into the newspaper business.

I began to discover my parents as people and to marvel at the different disciplines that my brothers and sisters took after leaving home.

I got over my disappointment at the break-up of the Beatles, and a few years later began to appreciate them individually. The murder of John Lennon last year is still an open wound with me. I've never seen a UFO, ghost, or had a psychic experience. Nevertheless, I believe that my generation has a big contribution to make. Thus far, we have contributed David Stockman, Larry Condit, Candice Bergen and Liza Minnelli to the American scene.

Much bigger things lie ahead. There may even be a President of the United States, born in 1946, out there somewhere, still busy making his or her reputation.

I'm looking forward to the approaching years. I hope I have 35 more left and that they are as exciting and surprising as the first 35 were.

Everglades history Taken from Herald Observer files

30 YEARS AGO
GLADES OBSERVER
NOVEMBER 20, 1951

A report to the City Council by City Attorney Ralph Johnson indicated that an agreement might be made with Pahokee Farms, Inc. to dedicate state land the city had been trying to get.

The land was part of the Richlands land owned by the State and controlled by the Internal Improvement Board. It was then under lease to Pahokee Farms, Inc. but their lease stipulated that 53 acres be dedicated to the city of Pahokee upon one year's notice.

The restaurant building at Canal Point, located south of West Palm Beach Canal across the street from the bus station, known locally as "Shack's" Restaurant, was gutted by an early morning fire. Al Belcher, operator-manager of the restaurant, said the contents were a complete loss.

Canal Point Lions voted to complete payments on the baby grand piano in the County Park Community House. When the Community house was completed the Lions assumed the responsibility of paying for the

baby grand piano as a club project.

The club also voted to contribute \$49 to the Everglades Memorial Hospital to go toward the purchase of a new clothes dryer for the hospital laundry.

40 YEARS AGO
THE EVERGLADES NEWS
NOVEMBER 28, 1951

Victor L. Geiger, head of the Geiger Lumber company in Pahokee, announced the opening of a new store in Belle Glade in the Saunders building. The store was under the management of Carl Cone, who had been associated with the Geiger concern for several months.

The South Bay Growers and Distributors added the Allison Packing House to their

property in South Bay. R.D. Hawkins was driving new piling under the building and enlarging it with a 100 foot addition.

50 YEARS AGO
THE EVERGLADES NEWS
NOVEMBER 27, 1951

Dr. W.J. White was a new physician and surgeon who had just located in Belle Glade. He had his office at the Glades Drug Company. His mother, Mrs. Mary J. White, made her home with Dr. White.

Rainfall for the year reached the 40-inch point at a station in the upper Glades. A sixth of an inch of rainfall at South Bay brought the total for the season at that place to 40.09 inches.

New tax laws and you

Although most of the changes in the new federal tax law will not apply to your 1981 federal income tax return, there are still important tax saving steps you should take before December 31 to benefit from the new law, according to the Florida Institute of Certified Public Accountants.

If you anticipate your income will be the same next year, your basic strategy should be to cram all possible deductions into this year and to defer as much income into next year as you can. Because tax rates on your 1981 income will be higher than rates applied to 1982 income, deductions taken on 1981 income will mean cash in your pocket.

If your tax bracket is under 50 percent, your year tax bracket is higher, even bigger tax savings are in store for you in 1982.

As an example, if you and your spouse are in the 50 percent tax bracket, your combined taxable income is around \$46,000. Next year, the tax cut lowers tax brackets. You will need \$85,000 in income to remain in the 50 percent bracket.

Here's how to compute next year's tax rate. If your taxable income is in the 44 percent bracket, subtract 10 percent or 4.4 from 44, and your income drops to the 39 percent bracket.

Dan Mica bringing government to the people

BELLE GLADE - Congressman Dan Mica, (D-Fla.) has announced that he will again be conducting his "To The People" program beginning Nov. 30.

Mica stated that one of his district assistance will be in the Glades on Monday, Nov. 30, to help anyone who needs assistance with a problem or has a question regarding legislation.

Spelling bee held at GCCHS

Glades Central's First Invitational Spelling Tournament was held on Nov. 18 in the Media Center. The seven county high schools who were represented were Glades Central, Forest Hill, Twin Lakes, Pahokee, North Shore, Lantana Junior High School, Jupiter.

The three finalists in the 9th grade were Mark Andrews, Pahokee, Noleen Morris, Glades Central, William Miller, Forest Hill, 10th grade, Lisa Small, Twin Lakes, Monica Powles, Forest Hill, Tiffany Brunson, Pahokee, 12th grade, Bill Burbaum, North Shore, Suzette Blake, Glades Central, and Dawn Gietka, Twin Lakes.

The finalists were: 3rd, Andy Jenkins, 2nd, Mark Andrews, Pahokee, and 1st, William Miller, Forest Hill. The winner correctly spelled "onorous" and "pronunciation" to take the championship honors. Twin Lakes won the sweepstakes trophy for having accumulated the most team points. Pahokee came in second in the sweepstakes and Glades Central, third.

Glades business revue

JUDY HENNING opened PJ's Teen Shop on Main Street in Belle Glade last Friday. Her shop offers a variety of clothing items for teens and pre-teens.

Teen shop opens in Belle Glade

BELLE GLADE - A new clothing shop specializing in apparel for teens and pre-teens opened in Belle Glade Friday, Nov. 20.

Judy Henning operates P.J.'s Teen Shop on Main Street in Belle Glade.

Named with her husband's and her own first initials, the shop is Henning's first business effort on her own and is opened from 9 a.m. to 6 p.m. Monday through Saturday.

The store deals in a variety of tops and bottoms, including names such as Wrangler, DC, Dijon, Hang Ten, and Bonjour.

Not all of the merchandise ordered has come in yet, according to Henning, who is the store's only employee.

She said she hopes to hold a grand opening celebration around December 1.

PARENT MEETING

PAHOKEE - East Lake Middle School has scheduled a conference evening for parents on Monday, Nov. 30, from 6 to 7:30 p.m. Parents are urged to attend to check on their child's progress.

PIGSKIN PROPHETS 1981

Henry Esparza of Food Center captured the first place spot this week with a 11-3 record and 50 tie breaker points. Pete Shundlich and Steve Woodard also had 11-3 records but Henry was lower on the tie breaker.

In the overall standings Mike Burkett of Lake Hardware remains in the lead with 85 wins and 42 losses. Frank Davis, manager of Glade & Grove Supply moved within one game of Mike and remained in second place along with Steve Woodard. Both have 84-43 records.

Pete Shundlich is in third place with 82 wins and 45 losses. Mike Norvell is next with 81-46 and Slim's Fish Camp is fifth in the overall with an 80-47 record. At this point everyone in the top five has a chance of winning.

OVERALL STANDINGS TO DATE

Lake Hardware - 85 wins 42 losses
Glade & Grove Supply - 84 wins 43 losses
Lockhart Ford - 84 wins 43 losses
Monterey TV & Stereo - 82 wins 45 losses
C & C Supply - 81 wins 46 losses
Slim's Fish Camp - 80 wins 47 losses
Carter Chevrolet - 79 wins 48 losses
Jim-Ken Tire - 77 wins 50 losses

Goodwill plans Dec. 3 opening

by Alma Henry

BELLE GLADE - After closing its doors in Pahokee earlier this year, Gulfstream Goodwill Industries will be returning to the Glades area in December with a new store located in Belle Glade.

The Pahokee Goodwill store served the Glades community for 16 years before it closed. Ms. Karen Cousineau, Goodwill Industries sales supervisor said the Belle Glade store will open on Thursday, Dec. 3 with a ribbon cutting ceremony and the public is invited to attend.

She said the agency has wanted to locate in Belle Glade for several years. The store will be located at 241 S. Main St., next to the Bonavia Chevrolet car dealership.

Ms. Cousineau said the thrift shop will carry a variety of household items, clothing, furniture, tools, equipment and other items needed at prices the consumer can afford.

She said the store also will be accepting usable merchandise as tax deductible donations. Donors will be given tax deductible receipts while their donations are recycled for sale at Goodwill stores.

Gulfstream Goodwill Industries, a national and international movement that assist millions of handicapped persons, was organized in 1968 and took over the Pahokee store the same year from the St. Petersburg Goodwill facility.

The agency serves persons who disabilities prevent them from entering competitive employment. Included are mental retardation, mental and emotional illness, medical disorders, epilepsy, hearing or speech impairment.

Ms. Cousineau said Goodwill's mission is to find the disabled person's ability and develop it to the highest degree possible.

The Belle Glade store will employ two employees and the hours at the store will be 9 a.m. to 5:30 p.m. Monday through Saturday.

The agency is accredited by the Commission on

Karen Cousineau

Accreditation of Rehabilitation Facilities and is a member agency of the United Way of Palm Beach County.

Council, contractor reach agreement

By JEFF BROWN

PAHOKEE - The Pahokee City Council Tuesday, Nov. 24, reached a temporary agreement with the contractors who built the lime storage silo for the city sewage plant.

The lime silo was completed, but it has been determined that it cannot withstand a required wind-toss without added cross supports.

The contractor had maintained that such scissor bracing was not called for in the drawing of the tower, and therefore the company was not responsible for installing it.

The city had charged that the contractor should have installed the bracing as called for in the specifications, not the drawing. There was an "alternative design clause" in the contract which gave precedence to the specifications over the drawing in case of a conflict between the two, according to the council and its engineer.

The two parties agreed Tuesday to authorize the engineer to draw plans for the cross bracing. The council will issue a change order for the work, with the cost to be arbitrated later.

According to the engineer, James Sloane, the tower as it now stands is capable of withstanding the stress of loading, empty or full.

It is not capable of withstanding a wind stress if it is only partially full, he said.

The council also issued the final payment of about \$6,000 to Advanced Fabricators of West Palm Beach for the work they did on the city incinerator.

Tom Rathbun, a representative from the firm, told the council that although the company had not done some items called for in the plans but determined to be unnecessary, the firm had done some things not called for, such as acquiring a performance bond at a \$600 cost to the company.

"I feel like the work that has been done by Advanced Fabricators is suitable," said Donnie Martin, Pahokee Director of Public Works.

The council also voted to enter into a contract with Intacorp of Hollywood, Florida for the maintenance and service and semi-annual inspection of the city incinerator.

Intacorp, a division of Consumat, will be paid \$350 per day plus expenses for each of its two annual inspections. The city will also pay for all parts which might be needed, according to the contract.

"I wouldn't think you need an inspection until six months after you're permitted," said Martin.

In other business, the council:

• Decided to retain the \$100 minimum charge for burning confidential papers. Each additional hour will cost \$100. Director of Public Works Donnie Martin was told to use his discretion in levying the charge.

• Voted to hire a secretary for newly appointed Mayor Duncan Padgett.

• Accepted Padgett's resignation form the city's Zoning and Planning Board and appointed a replacement.

Crime prevention subject of new programs

PAHOKEE - Due to an increase of house burglaries in Pahokee, the Palm Beach County Sheriff's Department will be working in conjunction with several residents to start two programs aimed at reducing the occurrence of break-ins.

Crime Prevention is a program aimed at educating residents on methods to keep their homes more secure, according to Detective Rick Murray of the department.

A Neighborhood Crime Watch program is supposed to train neighborhood residents to watch out for suspicious activities or strangers in the area.

"Are you sure?"

"That's exactly what they said. It operate just like your controlled housing authority."

Well, I don't even like that."

"The only way there's going to be taxes is if you go to the (county) commission and ask them to grant you a tab in lieu of taxes," Michael Stauder, city attorney told the council.

Pahokee has suffered a depletion of its tax base in recent years because of various exemptions including public housing and the homestead exemptions.

According to Slonaker, the units will comply with existing zoning ordinances in the city.

Replacement housing plans discussed

By JEFF BROWN

PAHOKEE - The Palm Beach County Department of Community Development plans to create a 30 unit replacement housing development in Pahokee, it was announced at the Pahokee City Council meeting Tuesday, Nov. 24.

The development will consist of 15 duplex units on lots subdivided from property the department purchased last month, according to Pahokee Building Inspector Phelix Slonaker.

The property is on Ammerly Ave. between Fifth and Third Streets.

It will be divided into 15 lots 125 feet deep and 75 feet wide.

The property is in sugar cane right now, but work will be started as soon as the cane is removed, according to Slonaker.

ed, according to Slonaker.

The units will be owned by the county and rented to those currently living in substandard housing.

The city will not be able to collect property taxes on the dwellings, according to Slonaker.

"They (the county) changed the thing on us," said Council President George Rashley, who said the county originally led the council to believe that the city could collect taxes on the property.

"I want to know where the taxes are coming from to pay for the police and fire protection (for the units)," said Rashley.

"It will operate just like the housing authority," responded Slonaker.

Scientific problems: who decides

Should courts of law determine the answers to scientific questions? If not the courts, who should?

These questions are raised as a result of a ruling in the suit brought by Florida

citrus growers and pickers against a new rule in California which may restrict severely the shipments of fresh citrus to markets in California and Japan. The California Occupational Safety and

Health Administration adopted an emergency standard reducing the level permitted in air around fruit fumigated with ethylene dichloride from 20,000 parts per billion parts of air to 130 parts per billion parts of air.

CHRISTIAN DAY School students had a Thanksgiving dinner in the cafeteria on Nov. 24. Shown dressed for the party were

Shaun Pate and Kelly Ims students in the four-year-old kindergarten.

Staff photo by Alma Henry

In observance of Thanksgiving students at Lake Shore Elementary School gathered a number of baskets to give to needy families in Belle Glade. The giving of Thanksgiving baskets at Lake Shore Elementary is a long standing tradition. Assisting the students delivery the baskets were Mrs. Norma Ruiz, bilingual teacher,

instructional aide Minnie Workman and students Frank Avery, Steve Fitzpatrick, William Butts, Monica Canor, Rosa Mata, Kinia Lamo, Odolis Morales, and Armando Ribero. The baskets gathering was a special project by the school Red Cross committee.

40 expected to die on roads during holiday weekend

Tallahassee - There may be 40 fewer people who will return home alive after the 102-hour Thanksgiving holiday period according to the Florida Highway Patrol.

Last year there were 39 fatalities. This year's prediction, however, is based on fatality experience during the past three Thanksgiving weekends and includes a plus twelve percent adjustment factor based on the increase in statewide fatalities to date over the same period last year.

"The countdown began at 6:00 p.m. Wednesday and ends at midnight, Sunday," reports Col-

onel Eldridge Beach, Patrol director. The Thanksgiving holiday period produces some of the heaviest traffic of the year, especially during the first and last day of the four-day period.

Motorists are urged by the Patrol to plan their trip so they will miss the heaviest flow of traffic. Getting home before Sunday afternoon will help. "Some proven ways to reduce the chance of becoming a statistic are: Obey the 55 miles per hour speed limit, do not drink alcohol, follow at a safe distance and use your safety belt," concluded Colonel Beach.

My favorite teacher

Letters from local school children

I have been going to school at Glades Day all of my school life. I have found that Mrs. Peggy Green is my favorite teacher. Here are some reasons why. Mrs. Green has a very good teaching method and a very good sense of humor. She tells stories of her life. Those stories make it seem like she has a very interesting life. I also think that her teaching methods really makes the things that she teaches sink in.

She also loves to watch the kids play at P.E. and watches all sports.

I don't think that there is a better teacher at Glades Day.

Michael Bowlin

I think my favorite teacher was Mrs. Peggy Green. She really gets involved with her students. Even when she disciplined us, we knew she was doing it for our own good. She taught us good manners. When you were in her room it was yes man, no man, and man. That was one of the first things she told us. The most important thing of all was we really learned a lot from her. She was patient with us and didn't give up on us. Even when it took her forever to get something to skin into our heads, she helped us and we finally learned.

Heather Wilson

shows us lots of love and is a good model for us to follow.

She is liked by the parents because she teaches us a lot. She makes learning fun, so it seems easy.

Jerri Ann Haulcomb

In observance of National Education Month, the Belle Glade Junior Women's Club sponsored a My Favorite Teacher essay contest. Appearing this week are the final essays penned by local elementary school students to their favorite teacher.

science, and dry science. In Social Studies we learned about the United States, the Revolutionary War, Christopher Columbus and Nina, Pinta and Santa Maria. In Math we learned about how to divide, multiply, fractions, quadrilaterals, hexagons, octagon, and geometry.

Michael Crist

My favorite teacher is Mrs. Green. My 6th grade teacher.

Her ways of teaching are different. She gives us more work to make us smarter, then constantly curves the grades.

She is very interested in Glades Day School. She attends almost all of the school events.

I am glad she is my teacher because she will teach me the most about my subject. Also she teaches us my worst subjects. She will correct me if I make a mistake.

Every Monday, a State report is due; this is to help us in Social Studies.

Janice Lamb

Debbie Carstillo

My favorite teacher is Mrs. Weiser. She is a new teacher at Glades Day School. She teaches us English, Science, Spelling and Reading. She is real nice. I really enjoy having her at my school. She makes us stay after if you don't behave in school. I think it is good, so you will learn to behave in school next time. I am glad she came to my school while I am in 6th grade. She goes to a lot of football games. I usually see her at our football games and I go to a lot of them.

Tammy Woodland

My favorite teacher would have to be Mr. Hays. He sometimes plays football with us but most of the time he referees our games. I think all the other teachers are nice too, but none of them participate in P.E. with us like he does.

Mr. Hays jokes and tells the class to Mrs. Green did all of this too, but Mr. Hays does more of it. That's why I like Mr. Hays.

Michael Clements

Free blood pressure exams offered

All Palm Beach County residents are invited to participate in free blood pressure examinations, Tuesday, Dec. 1, at participating local fire stations.

This is a continuing program held the first Tuesday of each month, to help identify and monitor residents of the community with high blood pressure.

The program is co-sponsored by the American Heart Association and the Palm Beach County Fire Chiefs Association.

My favorite teacher is Mr. Hays. He is very nice because he hardly gets mad. When he gets mad it's just because he has been holding his yelling back too long. But we all know inside that he really isn't mad.

Every once in awhile he will tell jokes. He lets us color. He is a very nice teacher. He participates in all kinds of things. Once we had a volleyball games with teachers against Glades Day volleyball team. and he volunteered to be in it. He comes to all the pep rallies.

He comes to some games. I know he enjoys it. That's why he's my favorite teacher.

Shelia Greenway.

My favorite teacher was Mrs. Green because she isn't only a teacher. She is a fun teacher. She gets involved in most of the activities in school, for example the fifth graders end of the year party and the softball games that we had.

I think she is a fun teacher because she lets us do many projects and sometimes when we're reading she stops and we talk about it for about five minutes or so.

If we are real good in class, she might say that we can do special things.

Most of all she is setting a good example for us by being a real gator fan and being friends with everyone.

Terr Towell

My favorite teacher is Mrs. Green. The reason I think that she is the best teacher in Glades Day School is because she always goes to every game, and she doesn't like just one person, she likes them all.

She also likes the children to do projects, and she displays them in the library or in the hall of the school. This helps us students to build confidence. She

DR. DAVID T. EVANS

EVERGLADES
PRESBYTERIAN
CHURCH

The countdown for Christmas has begun. Sunday is the beginning of Advent - the Coming of Christ. Decorations for the holiday season are already appearing.

The outlook in an economic way is not too promising. Congress can't get together with the President on spending and some operations are starting to close down. Merchants are worried about what kind of Christmas season they will have.

Perhaps God is trying once more to tell us we need to look to him rather than to the government and/or to ourselves to get us out of the mess of the arms race or the recession.

Can we get back to Christmas? Will the Angels sing again over Bethlehem? If the social and economic problems are caused by the wayward actions of God's people and recognized as such, then perhaps the churches will be filled once more at Christmas.

Nearly two thousand years ago God's children were suffering and they cried out for help. They were oppressed by the occupying army of Rome and by their own religious leaders.

Our help comes again as we remember that Christ comes to free us from our own selfishness and blindness. While the coming of Advent will not solve our economic or social problems we can have peace from the occupying army of Rome and by their own religious leaders.

When evil times came upon the Children of Israel, God's chosen people, it was because they had run after other gods. We in this country have certainly been doing this. Popularity, pleasure and self-gratification as well as status and greed have become the ranking gods of America.

Christ's coming was announced first to humble shepherds on the hillside of Bethlehem. God's love comes to all who believe no matter what they have. All we have to do is to invite Him into our lives.

We need this spirit of peace and the hope that it brings. Let us open our hearts and give the Christ-Child room. We have time to get ready if we begin now. Let's not wait until Christmas.

Members of the Archonians Club of the Iota Omicron Zeta Chapter of Zeta Phi Beta Sorority, Inc., have been busy the past couple of weeks with numerous community service projects. Their most recent project included rendering religious services at

the Mt. Zion A.M.E. Church. Members of the club are Annette E. Allen, Judy Vereen, Sarah N. Hill, Shirley Walker, Victoria Thompson, Lottie M. Freeman, Willie M. Johnson, Imogene B. Dunkley, Mary B. Taylor, Verdell Boldin and Barbara Randolph.

Obituary

MAZOUZEH M.M. ZAYYAD

Mazouzeh M.M. Zayyad, 81, of 409 N.E. 2nd Street, Belle Glade died Nov. 21 at her residence. She was a native of Yalou, Jordan and came to Belle Glade 11 years ago from Jordan. She was of the Moslem religious faith.

Survivors include her sons, Muhammad Zayyad of Belle Glade, Ali Zayyad of Belle Glade, Ahmad Zayyad of Belle Glade, Abedi Zayyad of Chicago, Illinois, and Jamil Zayyad of Chicago, Illinois; daughters Marion Tina of Belle Glade, Ayesha Zayyad of Chicago, Illinois, and Ameneh Ali of Chicago, Illinois; and 41 grandchildren. Prayer services and visitation were held at the Mixson Funeral Chapel Nov. 22. Further services and burial will take place at the Amman City Cemetery in Amman, Jordan.

Mixson Funeral Home was in charge of arrangements.

Insurance refunds ordered

TALLAHASSEE-State Insurance Commissioner Bill Gunter has ordered refunds of more than \$11 million in automobile insurance company excess profits following a second legal victory in the Florida Supreme Court.

"It's a tremendous consumer victory, the icing on the cake," Gunter said of the court's refusal to rehear an industry challenge to its July 23 decision upholding the retroactive application of the excess profits law.

Gunter had instructed his legal staff to begin notifying 37 insurance companies to refund \$11,766,333 in identified excess profits for the years 1978 and 1979. The firms can agree to make

the refunds or they can seek an administrative hearing challenging the level of assessment. Two companies voluntarily returned excess profits to policyholders.

The insurance industry can agree to abide by the court's decision or attempt to raise other constitutional challenges to Florida's excess profits law which are pending in the Leon County Circuit Court.

"The significance of the court ruling goes beyond deciding simply the retroactive application of the law," Gunter said. "We can now argue in the lower courts the landmark nature of the supreme court ruling. The momentum certainly has shifted to those defending the excess profits law," he said.

A list of excess profits for 39 automobile insurance companies for calendar years 1978 and 1979 includes:

Travelers Insurance, \$5,869,795; Teachers Insurance, 724,026; Royal Gables Insurance, 712,241; U.S. Fidelity & Guaranty, 666,623; U.S. Fire Insurance, 520,219; Aetna Insurance, 498,246; Automobile Club Insurance, 490,981; Safeco Insurance, 262,890; Cotton States Mutual Insurance, 249,194.

Commercial Union Insurance, 214,990; Maryland Casualty Insurance, 210,056; American Hardware Mutual Insurance, 205,495; Cincinnati Insurance, 168,795; Central Mutual Insurance, 163,899; Pennsylvania National Mutual Insurance, 137,502; Foremost Insurance, 116,617; General Accident Insurance, 108,277; Michigan Millers Mutual Insurance, 77,787; National General Insurance, 62,964.

Transamerica Insurance, 52,958; South Carolina Insurance, 52,338; John Deere Insurance, 43,785; Monarch Insurance, 40,899; Reliance Insurance, 32,203; St. Paul Insurance, 26,823; Ohio Farmers Insurance, 19,898; Northwestern National Insurance, 19,163; Universal Underwriters Insurance, 8,110; Chicago Insurance, 5,760.

Greater New York Mutual Insurance, 5,445.

Employment office moves to new location

BELLE GLADE-The Florida State Employment Services, previously located at State Road 715, has moved to a new location at 1500 N.W. Ave. L in Belle Glade. The new location is also the new location of the Unemployment Compensation. The building was previously the old Hialeah A. T. m. p. building. An open house will be announced at a later time.

City manager speaks to club

BELLE GLADE—City Manager Robin Wagner was the guest speaker at the Belle Glade Woman's Club Nov. 19 meeting.

Wagner, originally from Dallas, Texas, was city manager of Coolidge, Arizona, from 1976 to 1980.

"I've never regretted becoming a city manager," Wagner told the group. "Even though city managers usually only stay in one place for about three and a half years, I feel very much at home in Belle Glade, and I appreciate the warm welcome I have received."

Wagner spoke on a proposed water and sewer bond issue the city commission has been studying.

He told the group that when the bond issue was first studied, the city commissioners realized that there were a few problems.

"No one was totally satisfied with the way the project was going," he said. "Two weeks after I came here, we lost total water supply in the city."

When he asked the group if they could get excited about increased water plant capacity, no one seemed to like the idea.

Wagner, who said he did not like the "look, taste or smell" of the city's water, said the city was working to improve the quality of the water.

"I believe that this is something we can get excited about," he told them.

Explaining that the City of Belle Glade pulls its water supply out of the rim canal around Lake Okechobee, Wagner said, "The water plant isn't capable of producing high quality finished water."

Wagner said the city commission has changed its emphasis from increased capacity to quality.

The chlorination of the water to kill bacteria has caused the production of trihalomethanes (THM), which Wagner said is a present health hazard.

"Trihalomethanes occur when chlorine reacts with other chemicals in the water," according to Wagner, who added that THM is now proven to be carcinogenic.

THM's are considered tolerable if there are 200 parts per billion, he told the group.

In our water supply the level is 800 parts per billion. Obviously chlorine is no longer practical for us," he said. "Ozone is the only practical method. It turns the nastiest water into pure sparkling spring water. You can justify giving this to your family, but it is going to be costly."

After speaking to the group about the water issue, the city manager spoke about one of his hobbies, lapidary or diamond cutting.

Cancer meeting set

BELLE GLADE—The Glades Area Cancer Crusade committee meeting will be held Wednesday, Dec. 2, at 12:30 p.m., in the Multi-Purpose Room of the Belle Glade Municipal Library.

This is the final meeting before the Second Annual Cancer Crusade Fashion Show scheduled for Saturday, Dec. 5, at the Belle Glade Elks Club.

Mrs. Natalie Nachman, chairman of the committee, said 100 percent attendance is needed at the meeting.

For further information concerning the meeting call Mrs. Nachman at 996-1841.

On the consumer's side

Randy Reid, Consumer Services Coordinator, Department of Agriculture and Consumer Services, Division of Consumer Services, Mayo Building, Tallahassee, Florida 32301.

QUESTION:

I understand you were on television last week warning people about the Canadian Lottery and I have just received some literature in the mail on it that is very tempting. Why would you be concerned about this being on the "up and up" if it shows right in the brochure that they do have winners...in fact, a woman in Fort Myers won \$10,000 and is even pictured in the pamphlet!

ANSWER:

You are referring no doubt to Mrs. D. Wilson who is quoted in the Canadian literature as being "thunderstruck when I realized I'd won!" She would probably be equally "thunderstruck" to

SONYA L. FERNANDES

Sonya Fernandes is an licensed practical nurse at Glades General Hospital and works part-time while studying at Palm Beach Junior College to become a registered nurse. She is also a member of Phi Theta Kappa, honor society at the college.

She has two daughters, Angela, 14, and Georgina, 8. Her hobbies are writing, traveling, music and reading.

Sonya says this recipe is a quick, easy, attractive way to serve several people inexpensively.

MINI-CHINESE

Two 8 ounce packages of cream cheese (softened)
three-fourths cup of sugar
two eggs

one tablespoon lemon juice
one teaspoon vanilla
24 vanilla wafers

one CNA (21 ounce) pie filling

Fill cupcake papers with one vanilla wafer, placing it in the paper upside down.

Beat the other ingredients (except pie filling). Fill cupcake papers two-thirds full with mixture. Bake at 375 degrees for 15-20 minutes until set. They may crack open when ready.)

Top with pie filling. You can also add whipped cream, chopped nuts or other fruits as you wish.

Student pledges

DELAND—Jeff May of Belle Glade, is one of 16 Stetson University students who recently pledged to Stetson University's chapter of Phi Kappa Phi, national social fraternity, according to Jayne L. Marlowe, director of student life at the school.

Zeta bake sale set

BELLE GLADE—The Zeta Amicae Group will have a bake sale on Saturday, Dec. 5, at the Glades Plaza starting at 9 a.m.

A variety of pies, cakes, cupcakes, cookies and candied ap-

ples will be on sale. All members of the Zeta Amicae Group are asked to participate and members may contact chairlady Edith Ford for further information.

Urban forester speaks to Garden Club

PAHOKEE—The Pahokee Garden Club held a luncheon on Nov. 17 at the home of Mr. and Mrs. J.H. Wilkinson in Salton.

Guest speaker for the luncheon was Urban Forester Wayne Blythe of Martin County who spoke to the group on the function of the four divisions of the Forestry Department, which are the Fire Control Bureau, Forest Education, Forest Management Bureau and the Forest Resource and Planning Bureau. Insect and disease control was also discussed.

Blythe told the group that in 10 to 15 years, Florida would be the world leader in timber production.

Mrs. Bernice Simonson, president,

welcomed the guests, Mrs. Dorothy Buckner, Mrs. Nina Hatten, Mrs. Tecla Pandolfi, Mrs. Minerva Paxton, Mrs. Elsie Sims, Mrs. Eva Spooner and associate member Mrs. Alice Ramey.

Mrs. Simonson gave a report on the District X Fall meeting held in Delray Beach.

In lieu of a December meeting the club plans to hold a Christmas party for members and their guests on Dec. 15 at the home of Rev. and Mrs. A.F. Donovan from 7:30 p.m. to 9:30 p.m.

Hostesses for the luncheon were Mrs. Margaret Wilkinson, Mrs. Glenna Heivly and Mrs. Bernice Simonson.

Legion barbecue set

BELLE GLADE—A Pearl Harbor Day Barbecue will for the American Legion will

be held Sunday, Dec. 6 starting at noon.

Barney O'Steen, First Vice-President of

Zeta dance planned

BELLE GLADE—The Zeta Phi Beta Sorority is planning its annual community service fund raising disco dance at the Lake Shore Civic Center, Saturday, Dec. 5.

Tickets to the dance are \$7 per person and dinner will be served. Tickets can be obtained from any member of the sorority.

Proceeds from this event will be donated to the Pahokee High School Chorus, the Glades Central Community School Chorus and the Western Palm Beach County Mental Health Center.

The dance will begin at 9 a.m., and will feature the latest in disco music.

Shoplifting seminar slated

BELLE GLADE—The Belle Glade Police Department will present a shoplifting prevention seminar Monday, Nov. 30, at 7:30 p.m. in the city commissioners' chambers at Belle Glade City Hall.

The seminar is sponsored by the Belle Glade Junior Women's Club.

A short film will be shown and hand-out materials on curtailing shoplifting will be distributed. The seminar is open to the public.

"Shoplifting is the nation's most expensive crime, accounting for monetary losses in excess of \$16 billion per year," said Cindy Bazz, program coordinator. "The Christmas shopping season is the season of the greatest shoplifting activity."

East Lake drama club presents Thanksgiving play

PAHOKEE—East Lake Middle School drama club held a Thanksgiving program on Tuesday, Nov. 24 at 7 p.m. in the school cafeteria.

Two plays, "Father Talks Turkey," and "Pinocchio Goes to School," were presented to a group of over 100 people.

Cost to view the performance was \$1 with proceeds to go towards the purchase of band uniforms for the school as well as funds to help the safety patrol go to Washington and trophies and plaques for the drama club members, according to Mrs. Carolyn Brown, Drama Club Sponsor.

and co-ordinator for the event.

Assisting Mrs. Brown with the drama club was Ms. Queen Miller. The Coca Cola Company, of Pahokee donated the cokes that were sold at intermission.

A turkey was won as a door prize by Mrs. Lila Blinn, who works

in the school library. Thanksgiving songs of "Turkey in the Straw" and "Over the River and Thru the Woods," were sung by selected club members with James Eccles accompanying them on the piano.

East Lake drama students displayed their talent for over 100 parents Tuesday night. staff photo by Brenda Bunting

School doors made pretty

OPEN THE DOOR to reading was the theme recently at Gladeview Elementary when students helped to decorate the doors. The idea was the brainchild of librarian Mrs. Minton. Shown is Antonio Nelson and Tequilla Jones of Mrs. Frosts kindergarten class. They took first place for the kindergarten classes.

FIRST PLACE winner in the door contest for the first grade was Miss Betty Evans class. Shown are Charles Inman and Robert Haggins.

THIRD GRADE class winner was Miss Donna Eldredge's class with students Claudia Morato and Sheila Cherizard proudly displaying their door that took first place ribbon.

Kids are people too!

HAVING FUN CAN BE A CHORE, unless someone has a camera. Then children seem to be able to find a myriad of things to do catch the shutter's attention. Above, Kelly Walden starts across the hand crossing bars as Nikki Walden waits her turn behind her. Below, Charlie Moland grins down at Eddy Pedraza.

IN PRE-KINDERGARTEN the first place winner was Mrs. Willie Mae Adams class. Shown are Franketa Glaze and Maria Naniz.

PURVIS NIXON and Orlando Piz of Mrs. Hazel Epps fourth grade class are shown in front of this first place winning door.

MISS WILLIE MAE JOHNSON'S second grade class won the first place ribbon for the most decorative door in the open door to reading contest. Shown is Atosha Laughter.

Gun stolen from office

BELLE GLADE—A .25 caliber gun was reported stolen from a business Friday, Nov. 20, according to Belle Glade Police.

The gun, valued at \$125, was removed from a desk drawer in the 940 NW 9 Street offices of City Products between the hours of 5 p.m.

Thursday, Nov. 19 and 7:45 a.m. Friday Nov. 20.

The gun belonged to Ralph Hagus, manager of the establishment and had four shells in the chamber, according to police reports.

Open letter to the governor

Governor Bob Graham
The Capitol
Tallahassee, Florida
32304

Dear Governor Graham:

The Canal Hazards Safety Committee has been working since 1964 to reduce or eliminate hazards on public highways throughout western Palm Beach County and eastern Hendry County. This Committee is becoming increasingly alarmed by the conditions which exist on our public highways. In our travels, not only through the adjacent area, but throughout the various parts of the State of Florida, we find the roads in many areas in an advance state of deterioration. Many areas have potholes in the pavement on major north-south and east-west routes.

Most of the highway we travel show indications of surface cracking, which are the first stages of pavement failure.

To initiate a program of maintenance and repair now, will save the State millions of dollars in maintenance repair in the years to come if these roads are not repaired before water moves into the base and destroys or damages the base material. As you are well aware, a program of continued maintenance is much more economical than repair of an item that has completely failed. And when roads fail it is not only costly in dollars but in human suffering and loss of lives.

The citizens of the State of Florida who must travel Florida roads in order to con-

duct their daily business have a right to expect the State to maintain its roadways in a safe condition. The many millions of tourists who visit Florida each year will long remember the unsafe and hazardous conditions of Florida's roads if they are not properly maintained.

We would therefore urge that the Governor's Office provide the leadership to properly fund the Department of Transportation in order that it can maintain Florida's roads in a safe condition for the motoring public. The cooperation and assistance of your office in this matter, will be sincerely appreciated.

Very truly yours,
CANAL HAZARDS SAFETY COMMITTEE, INC.
/s/ M. Franklin Jones
Chairman

Title I board meeting scheduled

BELLE GLADE—There will be a Title I District Advisory Council meeting at the Winona Jordan Board Room of the School Board Offices on Dec. 10 at 10 a.m.

All parents and interested residents are invited to attend. Workshops on word study skills, recent conferences, and this year's Parent Observation Survey are among

the topics to be covered. For further information call Gregory C. Belli, Parent Involvement Coordinator, Title I, at 684-5000 Ext. 5197.

Food basket donated

The Glades Silhouette Club of Belle Glade donated a Thanksgiving Basket to a needy family in the community. The

basket consist of many canned and dry goods items along with a ham.

President Lois Lewis stated that this is just

one of the many contribution the club will make this year as part of their annual project for helping a neighbor.

Club elects new officers

BELLE GLADE—The installation of officers for the 1981-1982 fiscal year of the El Dorado Civic Club was held Thursday, Nov. 12, at the Lakeside Country Club.

Mrs. Gloria Blakely, chairman of the services presided. The Rev. Alvin Jones, pastor of the Bethel A.M.E. Church served as the installing officer. Mrs. Dorothy Davis gave the occasion and Mrs. Dorothy Cross brought the welcome address.

During the installation services, the El

Dorado Club members decided to rekindle two of their former activities that were initiated during the club's first year of existence in 1971. The club plans to sponsor the Miss Black America of the Glades Beauty-Talent Pageant and the Mother-of-the-Year Program.

Following the installation ceremony the members and Rev. Jones had a steak supper with all the trimmings.

Officers for the new year are Alberta Culler, president; Dorothy J.

Davis, vice-president; Juanita Edwards, recording secretary; Gloria Blakely, corresponding secretary; Rosa M. Jenkins, financial secretary; Bernice Smith, treasurer; Dorothy Glaze, chaplain; Daisy Butts and Dorothy Cross, public relation chairmen; Winifred Tolbert and Vivian Byrd, business managers; Drucilla Davis, benevolence; Debra Benjamin, historian; and Mortelle Thomas and Gloria Collie, parliamentarians.

Resident elected supervisor

BELLE GLADE—Mrs. Rosa L. Thompson Carwise, a former resident of Belle Glade, was recently elected supervisor of Mission Two of the Ladies Auxiliary of the Greater South Florida Association.

Mrs. Carwise, a long time resident of the Glades was elected to the position at the annual Greater South Florida Association meeting held in St. Petersburg, Nov. 4th through 6th.

Mrs. Carwise resides in Winter Haven with her husband, the Rev. L.C. Carwise.

While a resident of Belle Glade, Mrs. Carwise and her late husband, James Thompson, were members of the St. John First Baptist Church.

Mr. and Mrs. Thompson were also landlords for many of the migrant workers living in Belle Glade.

Mrs. Carwise served as recording secretary of St. John Church for

over 20 years, was president of Missionary Society number one and sang in the choir at St. John First Baptist.

The mother of seven children, Mrs. Carwise had one daughter, Mary Elizabeth, who now resides in Atlanta, Ga., to graduate from Everglades Vocational High School. The school was the first for Blacks in the Glades.

Her sons, Marion, Willie James, Augustus, Prudence and Richard all graduated from Lake Shore High School and daughter Rosalyn graduated from Glades Central High School.

Her son, Willie James, is presently a member of the Pahokee Elementary School faculty while the rest of the family is presently making their home in Miami, Atlanta, Ga., and Washington, D.C.

TWO TRUCKS CRASHED on state road 80 east of Belle Glade last Thursday, tying up traffic for almost four hours. Bryon Lloyd Smith, 42, of Carol City died in the acci-

dent. Lawrence Frederick Brown, 41 of 400 SW Avenue C, Belle Glade was taken to the hospital.

GCCHS choir performs for teachers

The Glades Central High School Chorus performed in the Palm Beach Mall on Wednesday evening, Nov. 18, in honor of the Classroom Teacher's Associations observance of American Education Week. The group, under the direction of Reginald Asberry, performed numbers from Bach to gospel. Singers Willie Lawrence and Charrell Frederick sang a duet, "God Is", accompanied by the chorus.

On Wednesday, Nov. 25, at 2:30 P.M., the Glades Central F.F.A. will sponsor a tractor driving contest on the Glades Central Annex Campus physical education field. According to Mr. Rob. F.F.A. sponsor, local farmers will judge the event. The public is invited.

Mental health service centralized

Starting Monday, Nov. 30, Western Palm Beach County Mental Health Clinic, Inc., will operate its evening walk-in Crisis service from the Crisis Unit, 130 S.E. Avenue E, Belle Glade.

service was previously provided at 300 W. Canal Street, South.

For service, please phone 996-8077 or 996-2071.

Ma. Jean Cogar, Executive Director announced the change is designed to centralize all emergency and crisis service. Counseling services are available Monday through Friday until 8:30 p.m. Medical Emergency service on a face to face basis is available 24 hours per day, seven days per week.

Ma. Cogar said "This change is a part of the continuing policy of the Western Palm Beach County Mental

Health Clinic, Inc. to provide the people of the Glades area with quality mental health service in the most convenient way possible." The walk-in counseling

Pahokee rallies late in year

PAUL BUXTON (20) grabs for that last, longest yard as two North Shore players pull him down. Pahokee won the game, longest yard as two North Shore players, upping their record to 5-5.

BLUE DEVIL JEFFERY MULLINS (33) eludes lineman in an attempt to gain yardage for the team. Pahokee won the game 22-12.

QUARTERBACK ANTONIO WILSON (10) throws the ball in last Friday's game. Wilson will be returning to the Devils next year, along with teammates Paul Buxton and Jeffery Mullins.

By JIM BROWN

The Pahokee High School Blue Devil football team came on like a house on fire to earn a 5-5 record out of what appeared earlier to be a dismal season.

After losing four of their first five games, the Blue Devils were slumped from playoff contention. But Coach Sandy Hyneman wasn't content to let his players sit and think of what might have been.

The Devils came back with a 19-13 victory over Jupiter and a 7-0 win over Immokalee.

Two weeks ago, they upset Glades Central and last week, they upped their record to 5-0 with a 22-12 victory over the North Shore Mustangs.

Pahokee looked like it was destined for defeat in the first quarter. According to Hyneman, about eight starters were benched that period for failing to show up for practice earlier in the week. The Mustangs, taking advantage of that weakness, scored first. They recovered a Blue Devil fumble and scored on the very next play.

The extra point attempt by Dale Dawson failed, and Pahokee was down 6-0 at the end of the first period.

The second quarter saw the benched Devil starters take the field and turn things around.

With 8:27 left in the half, Jeffery Mullins ran the ball in from 21 yards out to tie the score at six. The extra point by Basil Benjamin put the Devils up by one.

Eight minutes later, Pahokee was perched at the 10 yard line when Kenneth Rawls caught a pass from quarterback Antonio Wilson and ran it in for the TD.

Two conversion points were picked up when Devil Wilbur Ramos ran the ball in, and the score was 15-6.

That was all Pahokee would need, but they picked up seven insurance points in the third quarter.

Paul Buxton carried the ball in from the two yard line with 6:41 left in the quarter. Benjamin's extra point made the score 22-6. In the fourth period, North Shore scored six in an attempt to come back, but it was too little, too late, and the game ended at 22-12.

"We were flat," said Hyneman of the first quarter. "We were still celebrating Belle Glade."

Wilson completed three of 15 attempts for one touchdown and 16 yards, bringing his season totals up to 27 completions in 69 attempts for 335 yards and two touchdowns, with three interceptions.

He lost 21 yards in five carries last week, ending the season with a total of 41 yards in 45 carries, one touchdown and one two point conversion.

Jeffery Mullins led the team last week with 159 yards and one touchdown in 17 carries. He also led the team in rushing during the season with 836 yards and five touchdowns in 135 carries.

Buxton's weekly totals of 70 yards and one TD

in 11 carries pushed his season totals to 140 yards and four touchdowns in 34 carries.

Rawls, who Friday gathered 46 yards in eight carries and ten yards and a touchdown in one reception, finished the season with 563 yards rushing and two TDs in 114 carries, 37 yards and one TD in four pass receptions.

Earl Sanders caught one pass for a pickup of one yard, bringing his season totals to 68 yards in five receptions.

Walter Johnson caught the ball once Friday for a pickup of four yards. He ended the season with a record of 57 yards in eight carries. He picked up 48 yards in 18 rushes and scored one touchdown in 1961.

Joe Walker picked up 189 yards and two touchdowns in seven carries during the season. Bernard Johnson finished the season with 108 yards and a TD in 21 rushes, and completed 10 passes in 34 attempts for one TD, 176 yards and five interceptions. He caught five passes for 88 yards.

"After the first quarter, they settled down," remarked Hyneman, who could be talking about the entire Blue Devil season and not just the last game. "We ran the ball good."

He credits much of the poor showing in the first part of the season to coaching errors.

"Part of our slow start was due to a coaching change," he said. "Plus, we were trying to run an offense that we really weren't suited to running. We weren't suited for the passing game that we started with."

"Our defense carried us all year long really."

Next season could be better for the Blue Devils, according to Hyneman. Not only will the team and coach have gotten used to each other after a first season, but most of the key men will be returning.

Quarterback Wilson will return, along with Buxton and Mullins to round out an experienced offensive line up.

Raiders travel to Suncoast

The Glades Central Raiders, the only area team to go into post-season play, travel to Suncoast this Friday.

The Raiders met Suncoast earlier in the season and lost, 13-14.

In fact, the Raiders have been rather sluggish since winning their district playoff berth almost one and a half months ago. They have won only one game since then and lost three.

Raiders coach Ben McCoy said he is optimistic about turning the season around.

Gators romp in final game

The Glades Day School Gators were Class 1A State Champions in 1980 with a record of 13-0.

This year, their record is 7-3 and they didn't make it to the playoffs.

But Coach Byron Walker said he is not going to let it bother him.

"I think our kids have done a hell of a job," he said. "They were in a situation where if they won 13 in a row again, it was expected. And if they lost one, they were the goat."

"We ended up dropping three, but our guys didn't let it get them down. I'm real proud of them. They never let up even after the loss to Benjamin, which for all intents and purposes ended it. We're not satisfied, but it was a season we can live with."

The Gators upped their record to 7-3, the best of the local schools with their victory over St. Petersburg Shorecrest Prep last Friday.

"Not a lot of stuff going in the first half," said Walker. "We scored two of the three times we had the ball. They controlled the ball."

Still, at the end of the first half, the score was 14-6 in Glades Day's favor.

The second half saw the Gators come alive. They put 15 points on the scoreboard in the third quarter, including six scored on a 22-yard interception return by Andy Fontaine.

Penalties hurt the team, according to Walker.

"The score would have been worse than it was, except we had three touchdowns called back," he said.

Tobin Vanscoy picked up 180 yards, three touchdowns, and a two-point conversion in 24 carries.

Quarterback Raul Garcia, ran 13 yards for a touchdown, and completed four of 10 passes for 100 yards.

Defensively, Scott Meredith made three interceptions and Tony Guerrero two to help bring the team's total to nine.

The Gators also sacked the Shorecrest quarterback six times. Eric Strickland accounted for two of the sacks.

"We had a pretty good day all around, but for the penalties," said Walker. "I don't want to point the finger at anyone, but we were penalized a lot for things we don't normally do."

What about next year?

The Gators are losing most of their experienced starters, including Vanscoy, Guerrero, Richard Schiele, Strickland, Meredith, and Todd Kroesen.

Ten of the 24 returning players were junior varsity players at the start of the season.

"There is not much experience there," said Walker. "But there is some potential. We generally do a pretty good job of developing our kids from year to year."

Pahokee rallies late in year

PAUL BUXTON (20) grabs for that last, longest yard as two North Shore players pull him down. Pahokee won the game, upping their record to 5-5.

BLUE DEVIL JEFFERY MULLINS (33) eludes lineman in an attempt to gain yardage for the grasp of a North Shore defensive the team. Pahokee won the game 22-12.

QUARTERBACK ANTONIO WILSON (10) throws the ball in last Friday's game. Wilson will be returning to the Devils next year, along with teammates Paul Buxton and Jeffery Mullins.

By JEFF BROWN

The Pahokee High School Blue Devil football team came on like a house on fire to earn a 5-5 record out of what appeared earlier to be a dismal season.

After losing four of their first five games, the Blue Devils were eliminated from playoff contention. But Coach Sandy Hyneman wasn't content to let his players sit and think of what might have been.

The Devils came back with a 19-13 victory over Jupiter and a 7-0 win over Immokalee.

Two weeks ago, they upset Glades Central and last week, they upped their record to 5-0 with a 22-12 victory over the North Shore Mustangs.

Pahokee looked like it was destined for defeat in the first quarter. According to Hyneman, about eight starters were benched that period for failing to show up for practice earlier in the week.

The Mustangs, taking advantage of that weakness, scored first. They recovered a Blue Devil fumble and scored on the very next play.

The extra point attempt by Dale Dawson failed, and Pahokee was down 6-0 at the end of the first period.

The second quarter saw the benched Devil starters take the field and turn things around.

With 8:27 left in the half, Jeffery Mullins ran the ball in from 21 yards out to tie the score at six. The extra point by Basil Benjamin put the devils up by one.

Eight minutes later, Pahokee was perched at the 10 yard line when Kenneth Rawls caught a pass from quarterback Antonio Wilson and ran it in for the TD.

Two conversion points were picked up when Devil Wilbur Ramos ran the ball in, and the score was 15-6.

That was all Pahokee would need, but they picked up seven insurance points in the third quarter.

Paul Buxton carried the ball in from the two yard line with 6:41 left in the quarter. Benjamin's extra point made the score 22-6.

In the fourth period, North Shore scored six in an attempt to come back, but it was too little, too late, and the game ended at 22-12.

"We were flat," said Hyneman of the first quarter. "We were still celebrating Belle Glade."

Wilson completed three of 15 attempts for one touchdown and 15 yards, bringing his season totals up to 27 completions in 89 attempts for 335 yards and two touchdowns, with three interceptions.

He lost 24 yards in five carries last week, ending the season with a total of 41 yards in 45 carries, one touchdown and one two point conversion.

Jeffery Mullins led the team last week with 159 yards and one touchdown in 17 carries. He also led the team in rushing during the season with 836 yards and five touchdowns in 135 carries.

Buxton's weekly totals of 70 yards and one TD

in 11 carries pushed his season totals to 140 yards and four touchdowns in 34 carries.

Rawls, who Friday gathered 46 yards in eight carries and ten yards and a touchdown in one reception, finished the season with 563 yards rushing and two TDs in 114 carries, 37 yards and one TD in four pass receptions.

Earl Sanders caught one pass for a pickup of one yard, bringing his season totals to 58 yards in five receptions.

Walter Johnson caught the ball once Friday for a pickup of four yards. He ended the season with a record of 57 yards in eight carries. He picked up 48 yards in 16 rushes and scored one touchdown in 1981.

Joe Walker picked up 189 yards and two touchdowns in seven carries during the season. Bernard Johnson finished the season with 108 yards and a TD in 21 rushes, and completed 10 passes in 34 attempts for one TD, 176 yards and five interceptions. He caught five passes for 88 yards.

"After the first quarter, they settled down," remarked Hyneman, who could be talking about the entire Blue Devil season and not just the last game. "We ran the ball good."

He credits much of the poor showing in the first part of the season to coaching errors.

"Part of our slow start was due to a coaching change," he said. "Plus, we were trying to run an offense that we really weren't suited to running. We weren't suited for the passing game that we started with."

"Our defense carried us all year long really."

Next season could be better for the Blue Devils, according to Hyneman. Not only will the team and coach have gotten used to each other after a first season, but most of the key men will be returning.

Quarterback Wilson will return, along with Buxton and Mullins to round out an experienced offensive line up.

Raiders travel to Suncoast

The Glades Central Raiders, the only area team to go into post-season play, travel to Suncoast this Friday.

The Raiders met Suncoast earlier in the season and lost, 12-14.

In fact, the Raiders have been rather sluggish since winning their district playoff berth almost one and a half months ago. They have won only one game since then and lost three.

Raider coach Ben McCoy said he is optimistic about turning the season around.

Gators romp in final game

The Glades Day School Gators were Class 1A State Champions in 1980 with a record of 13-0.

This year, their record is 7-3 and they didn't make it to the playoffs.

But Coach Byron Walker said he is not going to let it bother him.

"I think our kids have done a hell of a job," he said. "They were in a situation where if they won 13 in a row again, it was expected. And if they lost one, they were the goat."

"We ended up dropping three, but our guys didn't let it get them down. I'm real proud of them. They never let up even after the loss to Benjamin, which for all intents and purposes ended it. We're not satisfied, but it was a season we can live with."

The Gators upped their record to 7-3, the best of the local schools with their victory over St. Petersburg Shorecrest Prep last Friday.

"Not a lot of stuff going in the first half," said Walker. "We scored two of the three times we had the ball. They controlled the ball."

Still, at the end of the first half, the score was 14-6 in Glades Day's favor.

The second half saw the Gators come alive. They put 15 points on the scoreboard in the third quarter, including six scored on a 22-yard interception return by Andy Fontaine.

Penalties hurt the team, according to Walker.

"The score would have been worse than it was, except we had three touchdowns called back," he said.

Tobin Vanscoy picked up 180 yards, three touchdowns, and a two-point conversion in 24 carries.

Quarterback Paul Garcia ran 13 yards for a touchdown, and completed four of 10 passes for 100 yards.

Defensively, Scott Meredith made three interceptions and Tony Guerrero two to help bring the team's total to nine.

The Gators also sacked the Shorecrest quarterback six times. Eric Strickland accounted for two of the sacks.

"We had a pretty good day all around, but for the penalties," said Walker. "I don't want to point the finger at anyone, but we were penalized a lot for things we don't normally do."

What about next year?

The Gators are losing most of their experienced starters, including Vanscoy, Guerrero, Richard Schiele, Strickland, Meredith, and Todd Kroesen.

Ten of the 24 returning players were junior varsity players at the start of the season.

"There is not much experience there," said Walker. "But there is some potential. We generally do a pretty good job of developing our kids from year to year."

Winter registration begins at PBJC

Let classified

sell for you

Registration is now open for the winter term at Palm Beach Junior College Glades. Classes begin on January 7, 1992.

The office is open during the day from 8 a.m. until 4 p.m., and in the evenings from 8:30

p.m. until 8:30 p.m. Since the office will be closed December 24 through January 1, everyone is encouraged to register early. More information may be obtained by calling 996-9055.

Corona completes basic

Airman Jose G. Corona, son of Jose G. Corona Sr. of 1309 N.W. Ave. 1, Belle Glade, and Mary Corona of 280 Annona Ave., Pahokee, has been assigned to Lowry Air Force Base, Colo., after completing Air Force basic training.

Community College of the Air Force. Corona will now receive specialized instruction in the supply field. He is a 1980 graduate of Glades Central High School, Belle Glade.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airman Jose G. Corona completed basic training, earned credits toward an associate degree in applied science through the

It's time for state to begin slicing

I'm sure that the people who are leading the tax revolt in South and Central Florida would love to live in Northern Florida. The Governor's drive to increase assessments and the increased homestead exemption he promised during election oratory have taken 80 percent of the taxpayers off the rolls in at least six counties. Thus 80 percent of these residents pay no property taxes at all. Now, of course, the 20 percent who are paying property taxes haven't even seen a rolled-back millage, all they have seen is a rolled forward millage. They have had to double their millage to produce as much tax money as last year. Two of the counties will go over the 10 millage state cap and will have to hold a referendum to go over 10 mills. It might pass because 80 percent don't pay any taxes at all, but just try and pass an optional sales tax

Permission To Speak

Rep. "Doc" Myers

in those counties. The public would defeat it. That's why the counties are pressing for the right to have their own optional half-cent sales tax without a public referendum. But even the southern and central counties want that option also—but will they replace some of their property tax with such funds? I know that taxpayer groups don't feel they will and have come out against such local options. I couldn't agree more.

But, where do counties and cities get more revenue so they don't have to raise property taxes? I've stated before that the state does not replace the loss of tax income because of the homestead exemption. This is a debt of the state as they caused it. Where will the state get the money to replace such revenue to the local governments—the state government must begin to emulate the new budget cutting of the federal government! This year is a shakedown cruise to ferret out inefficiency and waste! The legislature has a capital reserve fund (rainy-day fund) of \$427 million. Federal cuts may cost us \$350 million of that if we don't do our own cutting. Unfortunately, it will take close to \$250 million to pay local government for their lost tax revenues—so conceivably we can't do it without raising some state tax.

Now listen to the hue and cry, there is not enough money for crime prevention, education, transportation and now we can add local government. So the pressure must mount to raise the state sales tax to five percent. That one cent per dollar extra would give us \$750-\$800 million. It's supporters tell you that tourists pay a lot of sales tax and that's partly true. The percentage of sales tax collections attributed to tourists is about 25-30 percent. So the question is—do the taxpayers of Florida endorse an increase in the sales tax to divide amongst our four problem areas? Of course, any help to local governments would have to be tied to property tax reform. The taxpayer also wants the money collected in his/her area to be spent for changing conditions in that same area.

Or—do taxpayers want to mark their time—forcing the legislature to change the Homestead Exemption so that the first \$10,000 is taxed, then a \$25,000 homestead exemption which takes us to a \$35,000 value and then tax about \$35,000.

We in the legislature need to know how the taxpayer feels. Tax limitation petitions generally refer to property tax, but does the taxpayer endorse an increased sales tax? It is true, you spoke up—those of us who worked hard to finance state government without new taxes last year need direction. I'm listening... may I hear your views?

See you soon—"DOC"
